

BHP Billiton takes the long-term view for the communities in which we operate. We identify continuing needs and opportunities and invest in sustainable solutions; helping communities become resilient, resourceful and ready for the future they want. Sponsorship of gambling or gaming, adult sports, events with a religious affiliation, events with cash prizes, and travel and accommodation are not typically supported. However, we review each application on a case-by-case basis. Impact and Benefit Agreement (IBA) funding requests should be directed to the appropriate IBA representative.

The Committee meets monthly to review applications. **Please send us your request two months before your project begins to ensure our review and timely response.**

Our investment in your initiatives are important to us. Please share information on your success by completing the feedback form and sending photos! Pictures help us promote your activity and they also help spread news of this program to others with ideas for supporting communities.

Strong, sustainable communities depend on many dedicated people working together. We are excited to work with Northerners to help create a North that prospers and thrives.

## COMMUNITY PARTNERSHIP PROGRAM

BHP Billiton's Community Partnership Program (CPP) was established to help the North and Northerners achieve their visions of resourceful communities of which we can all be proud.

We are looking to help groups achieve their goals by providing financial assistance or in-kind support to projects that are sustainable and benefit the communities in which we operate.

To be eligible for CPP support, projects must include criteria from the following:

- support people and community development;
- promote safety, health and wellness;
- be sustainable for the long-term; and/or
- encourage traditional knowledge, skills and development.

BHP Billiton also supports the United Nations Millennium Development Goals, so any projects that help eradicate extreme poverty and hunger, promote gender equality, empower women, combat HIV/AIDS or ensure environmental sustainability are encouraged to apply for CPP support.

# BHP BILLITON'S COMMUNITY PARTNERSHIP PROGRAM APPLICATION

Name of Group/Organization: \_\_\_\_\_

Date: \_\_\_\_\_

**1. Please indicate nature of your application:**

- People and Community Development     
  Environmental     
  Other: \_\_\_\_\_  
 Safety, Health and Wellness
